& CELEBRITY FRIENDS

You don't need to be a golfer to support the work of the foundation. This party is for anyone who likes to have fun while supporting a good cause and will feature casino games, heavy appetizers, wine tastings & cocktails, silent & live auctions, a paddle raise and MORE!

Every year, 4,000 children in the Dominican Republic and in the New England area are born with congenital heart failure (CHF) and will die without surgery before the age of 2.

The David Ortiz Children's Fund provides essential support for children in these areas who cannot afford the critical cardiac services they need. We are proud to partner with CEDIMAT Hospital in Santo Domingo and the Massachusetts General Hospital for Children to fulfill this mission. Through outreach, education, and support for medical care, we're committed to enhancing the health and well-being of children who require life-saving heart surgeries.
